Management Company Update

We would like to share an important update regarding our property management partner, Banning Management.

Banning Management has officially joined Sentry Management. This transition will take place over the next weeks, and more information will be sent directly by Sentry to each homeowner through the US mail. Sentry Management is a long-standing, Florida-based management company with a well-established office in Ponte Vedra.

We know that a management transition is a significant change for a community. The goal of the transition is to make the process as smooth, organized and seamless as possible. We understand that you may have questions about what may or may not change.

As part of the transition, Sentry will begin sending a series of communications next week outlining the transition, important dates, what to expect, and where and how homeowners should submit their association payments moving forward.

Thank you to Banning Management for their support and partnership over the years. We wish Scott and Lisa Sullivan the best.

We appreciate your patience and understanding as we work through this transition and welcome Sentry to the Saddlewood Community.

Immediate questions can be submitted on the Saddlewood website at www.SaddlewoodJax.com at the contact tab.

Thank you to all residents for working with us, your Board of Directors and Management, to keep Saddlewood a safe and pleasant place to live!
